INTERNATIONAL RECORD OF MEDICINE
CUMULATIVE SUBJECT INDEX 1958

VOLUME 171

* *Indicates abstract*

A

ACCIDENT PREVENTION
—new responsibilities for health departments in motor vehicle accident prevention, 563
—prevention of automobile accidents, 534
—an urgent need—more fact-finding research for our highway safety programs, 566
ACCIDENTS—*See Automobile Accidents.*
ACTH
—influence of, on motility of human leukocytes, 17
ADENOVIRUSES
—virological investigations in adenovirus infections of the conjunctiva, 169*
ADRENAL GLANDS
—corticohypophyseal obesity, 251
resection:
—improvement in hypertensive retinopathy following adrenal resection and sympathectomy, 170*
AFRICA
—investigation into the control of trachoma in Sekhukuniland, 596*
ALEXANDER THE GREAT
—wisdom of, 56
AMERICAN MEDICINE
—birth of, 319
—brief sketch of rise of American medical societies, 483
—diseases and medical practice in colonial America, 350
—evolution of American medical literature, 431
—evolution of medical research in United States, 455
—guideposts in history of, 323
—important medical societies before 1800, 407
—lessons of the War Between the States, 408
—literature in, during Revolutionary period, 406
—medical education and medical schools in colonial America, 364
—medicine in era of American Revolution, 391
—medicine and medical practices among aboriginal American Indians, 331
—nineteenth century American physician as a research scientist, 492
—origin of, 319
—present-day, 318
—spirit of, 317
—symposium on history of, 317–370, 391–46P, 483–521
—trends in American public health, from colonial period to present, 507
—in the world today: an historical perspective and reappraisal, 516
AMERICAN REVOLUTION
—American medical literature during era of, 406, 436
—American medical societies during, 487
—medicine in era of, 391, 405
AMOBARBITAL SODIUM
—intravenous administration of, in psychosomatic disorders, 263
ANATOMY
—in Spain of Don Quixote, 289
ANGINA PECTORIS
—efficiency of barbiturate-nitrite ion action in, 621
ANTIBIOTICS
—incidence of antibiotic-producing microorganisms of ocular flora, 167*
AQUEOUS FLOW
—appearance time of fluorescein as index of aqueous flow, 168*
ARTERIOSCLEROSIS
—contribution to the diagnosis of arteriosclerosis and hypertension, 596*
ATARAXICS—*See also under specific compound, e.g., Reserpine.*
—phrenotropic action of methyl-phenidyl-acetate hydrochloride, 37
ATHEROSCLEROSIS
—nutritional factors in, 522
AUTOMOBILE ACCIDENTS
—human factor in automobile accidents, 558
—legal aspects of chemical tests to determine alcoholic influence, 544
—medicine: a new catalyst of medical, legal, and engineering aspects of motorist injuries and safety, 533
—symposium on, 533–582
—traffic court challenge for physicians and lawyers, 573
—traffic trauma and the physician, 538
—an urgent need—more fact-finding research for our highway safety programs, 566
AVICENNA
—Avicenna's "Journey into his own soul," 54

B

BARBITURATES
—efficiency of barbiturate-nitrite ion action in angina pectoris, 621
BATHS
—thermal, of Bursa, 634
BENDECTIN
—nausea and vomiting of pregnancy: treatment with Bendectin, 583
BIOLOGY
—biological basis of religious symbolism, 709
BLINDNESS
—needless loss of vision: its prevention, 591*

—traffic court challenge for physicians and lawyers, 573
—traffic trauma and the physician, 538
—an urgent need—more fact-finding research for our highway safety programs, 566
AVICENNA
—Avicenna's "Journey into his own soul," 54

B

BARBITURATES
—efficiency of barbiturate-nitrite ion action in angina pectoris, 621
BATHS
—thermal, of Bursa, 634
BENDECTIN
—nausea and vomiting of pregnancy: treatment with Bendectin, 583
BIOLOGY
—biological basis of religious symbolism, 709
BLINDNESS
—needless loss of vision: its prevention, 591*

—psychological reactions to blindness in the adult, 592*
BLOOD
—reserpine and human serum lipoproteins, 655
cells:
—influence of ACTH on motility of human leukocytes, 17
—influence of fear and surgical procedures on level of circulating eosinophils, 649
BLOOD VESSELS
—contribution to the diagnosis of arteriosclerosis and hypertension, 596*
—nutritional factors in atherosclerosis, 522
—physiology of ocular vascular system, research in, 600
—retinal venous thrombosis, 592*
BOOK REVIEWS
—Analysis of dreams (The), 645
—Animal disease and human health, 647
—Cardiovascular rehabilitation, 643
—Clinical anthropology, 161
—Cortisone in ophthalmology (La Cortisona en oftalmologia), 177
—Diagnosis and treatment of infections (The), 249
—Dynamic psychopathology: an introduction, 648
—Epilepsy: what it is; what to do about it, 642
—Existence: a new dimension in psychiatry and psychology, 646
—Glaucomas (The), (ed. 2), 597
—Good Housekeeping book of baby and child care (The), 249
—Hormones in blood, Ciba Foundation colloquia on endocrinology (volume XI), 62
—Incurable wound (The), 118
—Insomnia and its relation to dreams, 700
—Introduction to electrocardiography (An), 118
—Introduction to psychopathology (An), 314
—Lectures on antibiotics, 482
—Leukemias (The): etiology, pathophysiology, and treatment, 482
—Living with all your heart in health and disease, 62
—Living with your allergy, 642
—Medical electrical equipment: principles, installation, operation and maintenance of electrical equipment used in hospitals and clinics, 648
—Medical sociology: theory, scope and method, 642
—Methodology of the study of ageing, 315
—Modern clinical psychiatry, 699
—Modern drug treatment in tuberculosis, 645
—Neomycin, its nature and practical application, 641
—Neuroses (The) and their treatment, 700
—Practical clinical psychiatry, 644
—Practical otolaryngology, 161
—Preventive medicine for the doctor in his community: an epidemiologic approach, 699
—Principles of ophthalmoscopy, 598
—Psychology of medical practice (The), 644
—Psychopathic personalities, 314
—Regulation and mode of action of thyroid hormones, 315
—Rehabilitation of the cardiovascular patient, 643
—Selected writings of John Hughlings Jackson. Vol. 1: On epilepsy and epileptiform convulsions. Vol. 2: Evolution and dissolution of the nervous system; speech; various papers, addresses and lectures, 641
—Strabismus ophthalmic symposium II, 598
—Symposium on diseases and surgery of the lens, 176
—System of ophthalmic illustration (A), 177
—Traquair's clinical perimetry (ed. 7), 599
—Tuberculosis: every physician's problem, 645
—Vertebrate visual system (The), 597
—William Harvey: his life and times: his discoveries: his methods, 701
—Year book of cancer (The), 700

C

CALSULFHYDRYL
—in treatment of cataract, retrolental fibroplasia, and diabetic retinopathy, 384
CANADA
Montreal:
—eye bank established at, 175*
Toronto:
—survey of skin and complement fixation tests for toxoplasmosis in Toronto area, 789*
CATARACT
—new drug for treatment of, 384
CEREBRAL PALSY
—childhood aims and adult accomplishments in, 219
—from convulsions in children, prevention of, 225
—introduction to symposium on, 185
—mechanism and management of, 186
—symposium on, 185–228
—team approach in evaluation and treatment of, 208
—therapeutic procedures in treating cerebral palsied child, 215
CHEMICAL TESTS
—legal aspects of chemical tests to determine alcoholic influence, 544
CHILDREN
—prevention of cerebral palsy from convulsions in, 225
cerebral palsied—See Cerebral Palsy.
CHLORPROMAZINE
—electroconvulsive therapy combined with chlorpromazine and reserpine, 31
CHORIOALLANTOIC MEMBRANE
—of chick, viability of stored rabbit cornea on, 168*
CHOROID
—disseminated pigmentary deposits in melanoblastoma of choroid, 591*
CIRCULATION
—factors that control ocular, 601
CIVIL WAR, AMERICAN
—medical lessons of, 408

—medical literature in, 446
CLINICAL STUDIES
—clinical aspects of obesity, 4
CLINICAL SYNDROMES
—of cerebral palsy, 186
COLONIAL AMERICA
—diseases and medical practice in, 350
—medical education and medical schools in, 364
—medical societies in, 484
—medicine in, 319, 324
CONFEDERATE ARMY
—in Civil War, medical experiences of, 422
CONJUNCTIVA
—conjunctival lymphatics and their clinical significance, 168*
—inferior cul-de-sac, transplantation of parotid duct to, for total xerophthalmia, 167*
—virological investigations in adenovirus infections of, 169*
CONJUNCTIVITIS
—chronic inclusion body, case report of, in infant, 184
—keratoconjunctivitis caused by molluscum contagiosum, 604
CONNECTIVE TISSUE
—of eye, research in, 179
CONVULSIONS
—in children, prevention of cerebral palsy from, 225
CORNEA
—viability of stored rabbit cornea on chorioallantoic membrane of chick, 168*
transplants of:
—eye bank established at Montreal, Canada, 175*

D

DERMATOLOGY
—evaluation of a new oral antipruritic, 618
—nevoxanthoendothelioma with ocular involvement, 171*
—treatment of dermatoses with prednisolone aerosol, 661
DIAGNOSIS
—of cerebral palsy, 190
—contribution to the diagnosis of arteriosclerosis and hypertension, 596*
—electromyography—a tool in ocular and neurologic diagnosis. III. Supranuclear mechanisms, 595*
—intravenous amobarbital sodium in, 264
—new aspects of ophthalmoneurologic diagnosis, 174*
—survey of skin and complement fixation tests for toxoplasmosis in Toronto area, 789*
—ultrasonic technique for examination of eye, 784
differential:
—reliable differential diagnosis of psychological or somatic disturbances, 238
of glaucoma:
—early diagnosis of primary glaucoma, 165*
—evaluation of the "phosphenator" in detection of glaucoma, 384
—glaucoma detection in a general hospital, 165*
tonography:
—new method of electronic tonography, 592*
—tonography in clinical practice, 592*
DIASCHISIS
—principle of: its history, nature, and general significance, 73
DIET
—dietary habits of Turks in fifteenth century, 53
—subclinical nutritional deficiency and female infertility, 68
—in treatment of obesity, 4
DIKTYOMA
—case report of, 593*
DISEASES
—in colonial America, 350
—in Spain of Don Quixote, 287
DON QUIXOTE
—chronology of events in time of, 311
—medicine in Spain of, 277
DRUGS
—new drug for treatment of cataract, 381
—pharmacology of vasodilator nitrate-nitrite drugs, 121
—therapy with, in cerebral palsy, evaluation of, 199
—value of intravenous amobarbital sodium in psychosomatic disorders, 263

E

EDITORIALS
—de l'amour, 247
—bright twilight, 531
—disease as biography, 639
—fabric of a dream (the), 58
—fashion as dimension and symptom, 587
—". . . give me of your dreams," 378
—joy of leisure (the), 479
—lady with the lamp, 697
—light in the window (a), 777
—to navigate—the essential thing, 159
—physiology of an endeavor (the), 119
—Sun Queen (the), 376
ELECTROCARDIOGRAPHY
—electrocardiographic changes during ocular surgery and their prevention by retrobulbar injection, 166*
ELECTROCONVULSIVE THERAPY
—combined with chlorpromazine and reserpine, 31
ELECTROMYOGRAPHY
—a tool in ocular and neurologic diagnosis. III. Supranuclear mechanisms, 595*
ENCEPHALITIS
—uveo/encephalitic syndrome or Vogt-Koyanagi-Harada disease, 788*
ENDOCRINE GLANDS
—corticohypophyseal obesity, 251
—mild endocrine imbalance and female infertility, 68
EOSINOPHILS
—influence of fear and surgical procedures on level of circulating eosinophils, 649
ETHER
—controversy over, 443
EYE
—connective tissue research in, 179
—disorders associated with surgical problems of nervous system, 174*

—evaluation of research on effects of visual training on visual functions, 164*
—evil, in medical history, 172*
—eye care is everyone's business, 383
—geriatric conditions of eye, 172*
—incidence of antibiotic-producing microorganisms of ocular flora, 167*
—lacrimal hyposecretion, 788*
—ocular changes associated with thyroid dysfunction, 170*
—physiology of ocular vascular system, research in, 600
—ultrasonic technique for examination of, 784
diseases:
—calsulfhydryl in treatment of cataracts, retrolental fibroplasia, and diabetic retinopathy, 384
—disciform keratitis after epidemic herpes zoster: case report, 390
—early diagnosis of primary glaucoma, 165*
—evaluation of the "phosphenator" in detection of glaucoma, 384
—frequency of glaucoma, 787
—glaucoma detection in a general hospital, 165*
—immunization against herpes keratitis in rabbits, 169*
—improvement in hypertensive retinopathy following adrenal resection and sympathectomy, 170*
—inclusion body conjunctivitis, case report in infant, 184
—investigation into the control of trachoma in Sekhukuniland, 596*
—keratoconjunctivitis caused by molluscum contagiosum, 604
—lipaemia retinalis: a case report and review of the literature, 595*
—new concept of primary glaucoma, 789*
—rise and fall of retrolental fibroplasia, 384
—uveo/encephalitic syndrome or Vogt-Koyanagi-Harada disease, 788*
infections:
—virological investigations in adenovirus infections of the conjunctiva, 169*
surgery:
—electrocardiographic changes during ocular surgery and their prevention by retrobulbar injection, 166*
—surgical approach to total xerophthalmia: transplantation of parotid duct to the inferior cul-de-sac, 167*
tumors:
—diktyoma (medullo-epithelioma): a case report, 593*
—disseminated pigmentary deposits in melanoblastoma of choroid, 594*
—primary tumor of iris, 594*
EYE BANKS
—established at Montreal, Canada, 175*

F

FEAR
—influence of fear and surgical procedures on the level of circulating eosinophils, 649
FIRST AID
—in automobile accidents, 535
FLORA
ocular:
—incidence of antibiotic-producing microorganisms of, 167*
FLUORESCEIN
—appearance time of fluorescein as index of aqueous flow, 168*
FRIGHDITY
—psychosomatic aspects of, 469
FUNDUS
—photography, by electronic flash, 176*

G

GENIUS
—inheritance of, 625
GERIATRICS—*See Old Age.*
GLAUCOMA
—detection in a general hospital, 165*
—early diagnosis of primary glaucoma, 165*
—evaluation of the "phosphenator" in detection of, 384
—frequency of, 787
—new concept of primary, 789*
GLUCAGON
—insulin plus, in inhibition of tumor growth, 635
GROUP THERAPY
—potentialities of, for obesity, 9
GYNECOLOGY
—psychosomatic aspects of frigidity and impotence, 469
—three obscure causes of female infertility, 63

H

HALLUCINATIONS
—significance of, with special reference to occurrence in the sane, 664
HEADACHE
—role of simultaneous macular perception and its treatment in headache, 171*
HEALING
—heredity and, 625
HEALTH DEPARTMENTS
—new responsibilities for, in motor vehicle accident prevention, 563
HEART
—reflex bradycardia in ophthalmic and oropharyngeal surgery, 789*
—sarcoidosis: presentation of a case with direct myocardial involvement, 772
diseases:
—efficiency of barbiturate-nitrite ion action in angina pectoris, 621
—pregnancy and, 620
HEREDITY
—heredity and healing, 625
HERPES SIMPLEX KERATITIS
—immunization against, in rabbits, 169*
HERPES ZOSTER
—epidemic, disciform keratitis after, 390
HOGARTH, WILLIAM
—contributions of, to medical history, 691
HOMOSEXUALITY
—what every physician should know about homosexuality, 685
HOSPITAL
—liability of, for acts of personnel, 230

HUMANISM
—in Spain of Don Quixote, 302
HYPERTENSION
—contribution to the diagnosis of arteriosclerosis and hypertension, 596*
HYPERTENSIVE RETINOPATHY
—improvement in, following adrenal resection and sympathectomy, 170*
HYPOCHROMIC ANEMIAS
—sustained-release iron therapy for, 87
HYPOPHYSES
—corticohypophyseal obesity, 251

I

ILLUMINATION
—physiopathologic study of modern illumination, 164*
IMMUNIZATION
—against herpes keratitis in rabbits, 169*
IMPOTENCE
—psychosomatic aspects of, 469
INDIANS
—aboriginal American, medicine and medical practices among, 331
INFANTS
—case report of inclusion body conjunctivitis, 184
—nevoxanthoendothelioma with ocular involvement, 171*
INFECTIONS
—virological investigations in adenovirus infections of conjunctiva, 169*
INFERTILITY
—three obscure causes of female infertility, 63
INJURIES
—reduction of, from automobile accidents, 534
INSULIN
—glucagon plus, in inhibition of tumor growth, 635
INTOXICATION
—legal aspects of chemical tests to determine alcoholic influence, 544
IRIS
—primary tumors of, 594*
IRON
—sustained-release iron therapy, 87

K

KERATITIS
—disciform, after epidemic herpes zoster: case report, 390
herpes simplex:
—immunization against, in rabbits, 169*

L

LACRIMAL GLAND
—lacrimal hyposecretion, 788*
LAWYERS
—aids for improvement of doctor-lawyer relationship, 61*
—traffic court challenge for, 573
LEGAL PROBLEMS
—new approach for the disposition of malpractice actions, 153
—optometric control of medical practice through legislation, 178
LEUKOCYTES
—influence of ACTH on motility of human leukocytes, 17
LIABILITY
—of hospital for acts of personnel, 230
LICENSING
—drivers of motor vehicles, standards for, 591*
LIFE
—symbols and, 116
LIPEMIA RETINALIS
—case report and review of the literature, 595*
LIPOPROTEINS
—reserpine and human serum lipoproteins, 655
LOKMAN HEKIM
—vignettes of, 633
LYMPHATIC SYSTEM
—conjunctival lymphatics and their clinical significance, 168*

M

MACULA
—role of simultaneous macular perception and its treatment in headache, 171*
MALPRACTICE
—new approach for the disposition of malpractice actions, 153
MARTÍ-IBAÑEZ, FELIX
—honored by awards, 229
MEDICAL BIBLIOGRAPHY
—rise of, in America, 448
MEDICAL EDUCATION
—in colonial America, 364
MEDICAL HISTORY
—contribution of William Hogarth to, 691
—evil eye in, 172*
—history of ophthalmology, 785
—literature of, in America, 450
—medicine in Spain of Don Quixote, 277
American medicine:
—diseases and medical practice in colonial America, 350
—evolution of American medical literature, 431
—evolution of medical research in the United States, 455
—guideposts in history of American medicine, 323
—lessons of the War Between the States, 408
—medical education and medical schools in colonial America, 364
—medicine in era of American Revolution, 391
—medicine and medical practices among aboriginal American Indians, 331
—nineteenth century American physician as a research scientist, 492
—rise of American medical societies, 483
—spirit of, 317
—symposium on, 317–370, 391–468, 483–521
—trends in American public health, from colonial period to present, 507
—in the world today: an historical perspective and reappraisal, 516
Turkish medicine:
—Lokman Hekim and the constitution of our organs, 633

—thermal baths of Bursa, 634
MEDICAL JOURNAL
—origin of, in America, 439
MEDICAL LITERATURE
—in America, 324, 327
—evolution of American, 431
—during Revolutionary Period in America, 406
MEDICAL PRACTICE
—application of stress concept in management of psychosomatic cases in nonpsychiatric medical practice, 134
—in colonial America, 350
—meprobamate in office practice, 130
—noncomplainers and overcomplainers, 243
—optometric control of, through legislation, 178
—physician in role of psychotherapist, 92
—tonography in clinical practice, 592*
—treatment of patients with Prozine, 678
—what every physician should know about homosexuality, 685
MEDICAL RESEARCH
—evolution of, in United States, 455
—experimental aspects of obesity, 3
—nineteenth century American physician as research scientist, 492
—nonspecific therapy in uveitis, 790
—in ophthalmology, 386
—physiology of ocular vascular system, 600
MEDICAL SCHOOLS
—in colonial America, 364
MEDICAL SOCIETIES
American:
—before 1800, 407
—history of rise of, 483
—in medical history, 327
MEDICOLEGAL PROBLEMS
—legal aspects of chemical tests to determine alcoholic influence, 544
—liability of hospital for acts of personnel, 230
—medicine: a new catalyst of medical, legal, and engineering aspects of motorist injuries and safety, 533
—new approach for the disposition of malpractice actions, 153
—optometric control of medical practice through legislation, 178
—regulation of physicians in American medical history, 326
—traffic court challenge for physicians and lawyers, 573
MENTAL HYGIENE
—emergency psychotherapy and mental first aid, 101
MEPROBAMATE
—in office practice, 130
promazine plus:
—treatment of office patients with, 678
METHYL-PHENIDYLACETATE HYDROCHLORIDE (PHENIDYLATE)
—phrenotropic action of, 37
MICRO-ORGANISMS
—of ocular flora, incidence of antibiotic-producing, 167*
MOLLUSCUM CONTAGIOSUM
—keratoconjunctivitis caused by, 604
MOOD THERAPY
—differential approaches to recent "mood" therapy in the aged, 146
MOTOR VEHICLES
—standards for licensing drivers of, 591*
MUSIC THERAPY
—for insane at Edirne Hospital in seventeenth century, 52
MYOCARDIUM
—sarcoidosis: presentation of a case with direct myocardial involvement, 772
MYOPIA
—new conceptions of pathogenesis of, 788*

N

NARCOANALYSIS
—intravenous amobarbital sodium in, 267
NARCOTHERAPY
—intravenous amobarbital sodium in, 267
NAUSEA
—nausea and vomiting of pregnancy: treatment with Bendectin, 583
NERVOUS SYSTEM
—eye disorders associated with surgical problems of, 174*
NEUROLOGY
—bilateral papilledema in otherwise well patients, 173*
—electromyography—a tool in ocular and neurologic diagnosis. III. Supranuclear mechanisms, 595*
—eye disorders associated with surgical problems of nervous system, 174*
—new aspects of ophthalmoneurologic diagnosis, 174*
—principle of diaschisis: its history, nature, and general significance, 73
NEVOXANTHOENDOTHELIOMA
with ocular involvement, 171*
NINETEENTH CENTURY
—American medical literature in, 440
—American medical societies during, 489
NITRATE-NITRITE VASODILATORS
—pharmacology of, 121
NITRITES
—efficiency of barbiturate-nitrite ion action in angina pectoris, 621
NUTRITION
—nutritional factors in atherosclerosis, 522

O

OBESITY
—clinical aspects of, 4
—corticohypophyseal obesity, 251
—dietary treatment of, 4
—experimental aspects of, 3
—panel discussion on, 1–12
—physiologist examines some psychiatric assumptions concerning, 13
—potentialities of group therapy for, 9
—psychiatric aspects of, 8
—psychoanalytical aspects of personality of obese person, 5
—a psychosomatic dilemma, 1
OLD AGE
—differential approaches to recent "mood" therapy in the aged, 146
—geriatric conditions of eye, 172*
—promazine in treatment of discharged, agitated senile patients, 272
—Vitarespital in treatment of elderly psychotic patients, 46

OPHTHALMOLOGY
—appearance time of fluorescein as index of aqueous flow, 168*
—bilateral papilledema in otherwise well patients, 173*
—binocular corrections for low vision, 596*
—conjunctival lymphatics and their clinical significance, 168*
—current research in, 386, 600, 790
—evaluation of research on effects of visual training on visual functions, 164*
—evil eye in medical history, 172*
—eye banks established in Montreal, Canada, 175*
—fundus photography by electronic flash, 176*
—geriatric conditions of eye, 172*
—history of, 785
—immunization against herpes keratitis in rabbits, 169*
—improvement in hypertensive retinopathy following adrenal resection and sympathectomy, 170*
—incidence of antibiotic-producing microorganisms of ocular flora, 167*
—needless loss of vision: its prevention, 591*
—nevoxanthoendothelioma with ocular involvement, 171*
—new conceptions of pathogenesis of myopia, 788*
—ocular changes associated with thyroid dysfunction, 170*
—ophthalmic wanderings, 383
—optometric control of medical practice through legislation, 178
—physiopathologic study of modern illumination, 164*
—psychological reactions to blindness in the adult, 592*
—role of simultaneous macular perception and its treatment in headache, 171*
—standards for licensing drivers of motor vehicles, 591*
—viability of stored cornea of rabbits on chorioallantoic membrane of chicks, 168*
—virological investigations in adenovirus infections of the conjunctiva, 169*
diagnosis:
—early diagnosis of primary glaucoma, 165*
—electromyography—a tool in ocular and neurologic diagnosis. III. Supranuclear mechanisms, 595*
—glaucoma detection in a general hospital, 165*
—new aspects of ophthalmoneurologic diagnosis, 174*
—new method of electronic tonography, 592*
—tonography in clinical practice, 592*
—ultrasonic technique for examination of eye, 784
surgery:
—electrocardiographic changes during ocular surgery and their prevention by retrobulbar injection, 166*
—reflex bradycardia in ophthalmic and oropharyngeal surgery, 789*
—surgical approach to total xerophthalmia: transplantation of parotid duct to the inferior cul-de-sac, 167*
in United States:
—experiences on a visit to United States, 781
OPTICS
—binocular corrections for low vision, 596*
ORTHOPEDICS
—orthopedic care in cerebral palsy, 194

P

PAPILLEDEMA
—bilateral, in otherwise well patients, 173*
PAROTID DUCT
—transplantation of, to inferior conjunctival cul-de-sac, for total xerophthalmia, 167*
PATHOGENESIS
—of cerebral palsy, 188
—new concept of primary glaucoma, 789*
—new conceptions of pathogenesis of myopia, 788*
PATIENTS
—noncomplainers and overcomplainers, 243
PERCEPTION
—role of simultaneous macular perception and its treatment in headache, 171*
PERSONALITY
—of obese person, psychoanalytical aspects of, 5
PERSONNEL
—hospital, liability of hospital for acts of, 230
PHARMACOLOGY
—of vasodilator nitrate-nitrite drugs, 121
PHENAGLYCODOL THERAPY
—in cerebral palsy, clinical evaluation of, 200
PHOTOGRAPHY
—fundus, by electronic flash, 176*
PHRENOTROPIC ACTION
—of methyl-phenidylacetate hydrochloride (phenidylate), 37
PHYSICIANS
—aids for improvement of doctor-lawyer relationship, 61*
—education of, in colonial America, 364
—heredity and healing, 625
—nineteenth century American, as research scientists, 492
—regulation of, in American medical history, 326
—in role of psychotherapist, 92
—traffic court challenge for, 573
—traffic trauma and, 538
PHYSIOLOGY
—of ocular vascular system, research in, 600
—physiologist examines some psychiatric assumptions concerning obesity, 13
POSTCLINICAL REHABILITATION
—for victims of automobile accidents, 536
POSTOPERATIVE PATIENTS
—energy output in, 384
PREDNISOLONE
—treatment of dermatoses with prednisolone aerosol, 661
PREGNANCY
—heart disease and, 620
—nausea and vomiting of, treatment with Bendectin, 583

PREVENTION
—of cerebral palsy from convulsions in children, 225
PRIMITIVE MEN
—medicine and medical practices among aboriginal American Indians, 331
PROMAZINE
—in treatment of discharged, agitated senile patients, 272
meprobamate plus:
—treatment of office patients with, 678
PROTEINS
—reserpine and human serum lipoproteins, 655
PROZINE
—treatment of patients with Prozine, 678
PRURITUS ANI
—evaluation of a new oral antipruritic, 618
PSYCHIATRY
—the cross as command to suffer, 753
—physiologist examines some psychiatric assumptions concerning obesity, 13
—psychiatric aspects of obesity, 8
—religious symbols in the unconscious of man, 723
—in search of bases of psychobiology: psychopharmacological and psychiatric notes, 605
PSYCHOANALYSIS
—the Book of Job: Hebrew myth of the chosen God, its symbolism and psychoanalytic process, 761
—psychoanalytical aspects of personality of obese person, 5
PSYCHOBIOLOGY
—in search of bases of psychobiology: psychopharmacological and psychiatric notes, 605
PSYCHOLOGY
—psychogenic factor in female infertility, 63
—psychological aspects of religious symbols, 718
—psychological reactions to blindness in the adult, 592*
—psychological treatment of cerebral palsy, 195
PSYCHOSES
—use of reserpine on a chronic disturbed ward, 83
—Vitarespital in treatment of elderly psychotic patients, 46
PSYCHOSOMATIC MEDICINE
—application of stress concept in management of psychosomatic cases in nonpsychiatric medical practice, 134
—differential approaches to recent "mood" therapy in aged, 146
—noncomplainers and overcomplainers, 243
—obesity—a psychosomatic dilemma, 1
—psychosomatic aspects of frigidity and impotence, 469
—reliable differential diagnosis of psychological or somatic disturbances, 238
—value of intravenous amobarbital sodium in psychosomatic disorders, 263
PSYCHOTHERAPY
—emergency psychotherapy and mental first aid, 101
—"flight into health:" a pitfall in the evaluation of psychotherapy, 111
—physician in role of psychotherapist, 92
PUBLIC HEALTH
—trends in American public health from colonial period to present, 507

Q

QUARTERLY REVIEW OF OPHTHALMOLOGY, 164–183, 381–390, 589–604, 779–792

R

RELIGION
—biological basis of religious symbolism, 709
—the Book of Job: Hebrew myth of the chosen God, its symbolism and psychoanalytical process, 761
—construct formation in science and religion: scientific approach to transcendent self, 749
—the cross as command to suffer, 753
—foreword to symposium on symbolism and, 703
—psychological aspects of religious symbols, 718
—relationship between mystical symbols and existential boundary situations, 741
—religious symbols in the unconscious of man, 723
—structure and origin of religious symbols, 705
—the symbol as survival value, 737
—symbolism in philosophy of Spinoza, 770
—symposium on symbolism and, 703–771
—what makes the symbol effective? 732
RESEARCH
—connective tissue research in ophthalmology, 179
RESERPINE
—electroconvulsive therapy combined with chlorpromazine and, 31
—human serum lipoproteins and, 655
—use of, on a chronic disturbed ward, 83
RETINA
—fundus photography by electronic flash, 176*
—improvement in hypertensive retinopathy following adrenal resection and sympathectomy, 170*
—lipaemia retinalis: a case report and review of the literature, 595*
—retinal venous thrombosis, 592*
—role of simultaneous macular perception and its treatment in headache, 171*
RETROLENTAL FIBROPLASIA
—rise and fall of, 381

S

SARCOIDOSIS
—presentation of a case with direct myocardial involvement, 772
SCIENCE
—construct formation in science and religion: scientific approach to transcendent self, 749
—in Spain of Don Quixote, 283
SERUM
—reserpine and human serum lipoproteins, 655

SOMATIC DISORDERS
—reliable differential diagnosis of psychological or somatic disturbances, 238
SPAIN
of Don Quixote:
—chronology of events, 311
—medicine in, 277
SPECIALIZATION
—in Spain of Don Quixote, 298
SPINOZA, BARUCH
—symbolism in philosophy of, 770
STEROIDS
—sympathetic ophthalmia treated with steroid therapy, 593*
STRESS THEORY
—application of stress concept in management of psychosomatic cases in nonpsychiatric medical practice, 134
—in psychotherapy, 92
SURGERY
—in American medical literature, 444
—electrocardiographic changes during ocular surgery, 166*
—energy output in postoperative patients, 384
—eye disorders associated with surgical problems of nervous system, 174*
—influence of fear and surgical procedures on level of circulating eosinophils, 649
—reflex bradycardia in ophthalmic and oropharyngeal surgery, 789*
—in Spain of Don Quixote, 294
—surgical approach to total xerophthalmia, 167*
SYMBOLISM
—biological basis of religious symbolism, 709
—the Book of Job: Hebrew myth of the chosen God, its symbolism and psychoanalytic process, 761
—construct formation in science and religion: scientific approach to transcendent self, 749
—foreword to symposium on religion and, 703
—in philosophy of Spinoza, 770
—psychological aspects of religious symbols, 718
—relationship between mystical symbols and existential boundary situations, 741
—religious symbols in unconscious of man, 723
—structure and origin of religious symbols, 705
—the symbol as survival value, 737
—symposium on religion and, 703–771
—what makes the symbol effective? 732
SYMBOLS
—life and, 116
SYMPATHECTOMY
—improvement in hypertensive retinopathy following adrenal resection and sympathectomy, 170*
SYMPATHETIC OPHTHALMIA
—treated with steroid therapy, 593*

T

TEAM APPROACH
—to evaluation and treatment of cerebral palsy, 208
THERAPY
—of cerebral palsy, team approach in, 208
—efficiency of barbiturate-nitrite ion action in angina pectoris, 621
—evaluation of a new oral antipruritic, 618
—intravenous amobarbital sodium, 265
—music therapy for insane at Edirne Hospital in seventeenth century, 52
—nausea and vomiting of pregnancy: treatment with Bendectin, 583
—nonspecific, in uveitis, 790
—promazine in treatment of discharged, agitated senile patients, 272
—sympathetic ophthalmia treated with steroid therapy, 593*
—therapeutic procedures in treating cerebral palsied child, 215
—treatment of dermatoses with prednisolone aerosol, 661
—treatment of patients with Prozine, 678
THROMBOSIS
—retinal venous thrombosis, 592*
THYMUS GLAND
tumors:
—malignant thymoma: case history of, 371
THYROID GLAND
—ocular changes associated with thyroid dysfunction, 170*
TIBET
—medical notes on Tibet, 636
TISSUE TRANSPLANTS
—viability of stored cornea of rabbits on chorioallantoic membrane of chicks, 168*
TONOGRAPHY
—in clinical practice, 592*
—new method of electronic tonography, 592*
TOXOPLASMOSIS
—survey of skin and complement-fixation tests for toxoplasmosis in Toronto area, 789*
TRACHOMA
—investigation into the control of, in Sekhukuniland, 596*
TRANSVAAL
—investigation into control of trachoma in Sekhukuniland, 596*
TRAUMA
—traffic trauma and the physician, 538
TREATMENT—*See Therapy.*
TRIMEPRAZINE
—evaluation of a new oral antipruritic, 618
TUMORS
—insulin plus glucagon in inhibition of growth of, 635
—sarcoidosis: presentation of a case with direct myocardial involvement, 772
ocular:
—diktyoma (medullo-epithelioma): a case report, 593*
—disseminated pigmentary deposits in melanoblastoma of choroid, 594*
—primary tumors of iris, 594*
thymus gland:
—malignant thymoma: case history of, 371
TURKEY
—dietary habits of Turks in fifteenth century, 53
—Lokman Hekim and the constitution of our organs, 633

—music therapy for insane at Edirne Hospital in seventeenth century, 52
—thermal baths of Bursa, 634

U

ULTRASONICS
—ultrasonic technique for examination of eye, 784
UNCONSCIOUS
—religious symbols in the unconscious of man, 723
UNITED STATES
—ophthalmology in, 781
UVEA
—nonspecific therapy in uveitis, 790
—uveo/encephalitic syndrome or Vogt-Koyanagi-Harada disease, 788*

V

VASODILATORS
—of nitrate-nitrite series, pharmacology of, 121
VISION
—binocular corrections for low, 596*
—evaluation of research on effects of visual training on visual functions, 164*
VITARESPITAL
—in treatment of elderly psychotic patients, 46
VITREOUS HUMOR
—current research in, 386
VOGT-KOYANAGI-HARADA DISEASE
—uveo/encephalitic syndrome or, 788*
VOMITING
—and nausea of pregnancy: treatment with Bendectin, 583

X

XEROPHTHALMIA
—surgical approach to total xerophthalmia: transplantation of parotid duct to the inferior cul-de-sac, 167*
—surgical treatment of total: transplantation of parotid duct to the inferior cul-de-sac, 167*
